

## **SA Chapter 2016 Annual Report**

As noted in our previous annual report, the SA Chapter has only two active members due to the state now having only two dedicated art libraries and no interest from the state's university libraries. With respect to the university libraries, the University of South Australia continues to reduce its physical collection so its arts collection is now considerably smaller.

SA Chapter President, Catherine Kerrigan, was awarded an ARLIS/ANZ travel grant to attend this year's conference in Sydney, where she will present a paper on artist's libraries.

Kind regards,

Catherine Kerrigan
