

ARLIS/ANZ National Secretary AND Website Report 2017

- All 2016 Conference papers and podcasts of delivered talks were loaded to the website, along with the AGM minutes and associated Chapter reports.
- August 2017 Realize Online put in place Enforce https for all pages of website using the existing SSL. We also renewed the Domain name and SSL certificate for this financial year.
- Vivian digitised a large number of the previous ARLIS/ANZ Journals, using the platform Issuu. There is now a digital archive of the journal. We will look into embedding on the website in the coming year.
- Vivian reported that not all journals were available via the NSW Chapter; email request was sent via the elist asking other Chapters if they have the missing issues.
- We will aim to have the entire journal archive on the website in the coming year. The journals are on Issuu- at this link: <https://issuu.com/search?q=arlis%2Fanz>
