

ARLIS/ANZ National Secretary AND Website Report 2018

Following the digitisation of the journals, a link has been created to <https://issuu.com/search?q=arlis%2Fanz> from the "About" page of the website.

Journal numbers 1 and 10 are still outstanding.

An email request sent via the elist asked members if they have the missing issues.

Vivian and Barbara assisted Canberra Chapter with setting up online registration for the upcoming 2018 conference. Website issues included the inability for delegates to pay using credit card and difficulties with the ticket selection for the conference.

These issues were lodged as Helpdesk Calls to the website developer Realize Online and took a couple of weeks to resolve.
